

escoba FIRENZA broom

Terminaciones semicirculares angulares para llegar a cualquier rincón sin riesgo de dañar los muebles o enseres del hogar.

Angular semicircular finishes to reach any corner without risk of damaging furniture or household items.

Escoba con **plantilla curva ergonómica** de polipropileno donde se insertan a alta presión una espesa capa de **fibras negras despuntadas** en sus extremos; esto aumenta su rendimiento, minimizando levantar el polvo durante el barrido y facilitar el empuje de la suciedad al recogedor. **Rosca Italiana** (ESP, IT, PT, LATAM) que garantiza una perfecta sujeción de cualquier mango/cabo con este pase de rosca. Su uso recomendado es en **interior** y **superficies lisas** aunque se comporta bien en zonas de mayor dureza del piso. Largo: 31,5cm.

Broom with **ergonomic curved shape polypropylene template** that makes easy to use, where a thick layer of **split-tip black bristles** are inserted at high pressure at its ends to increase its performance, minimize raising dust when sweeping and facilitate the pushing of dirt to the dustpan. Angular semicircular endings to reach any corner without risk of damaging furniture or household items. **Italian thread** (ESP, IT, PT, LATAM) that guarantees a perfect grip of any handle with this thread type, although we suggest to use it with our Rozenbal collection. Its recommended use is at **indoors and smooth surfaces** although it behaves well in greater hardness floor areas. Length: 31.5cm.
